### The Age Wave by Ken Dychtwald, Ph.D., Joe Flower ...

About the Age Wave The largest generation in American history, the Baby Boomers, is aging. The leading edge of the boomer generation (those born between 1946 and 1964) is turning 74 in 2020. And better health care means greater numbers of older adults are living longer than ever before.

### About the Age Wave — Lifespan

The age wave will cause a massive slowdown in workforce growth in the coming years. In the next decade, America's workforce will grow only 4 percent as the boomers begin to retire, down from 12 percent in the current decade and 29 percent in the 1970s when the boomers were entering the workforce.

### Age wave - Wikipedia
