He was a leading expert witness in the Airbus-Boeing WTO disputes. From 2004-2009, he was a member of European Commission President Barroso's Group of Economic Policy Analysis (a group of 12 members).

Luis Cabral - The Helix Center

A native of Portugal, Luis Cabral is a graduate of Stanford University (PhD, Economics, 1989). He taught at the London Business School, Berkeley, Yale, NYU and IESE. He is currently the Paganelli-Bull Professor of Economics and International Business, as well as Chair of the Economics Department, both at NYU's Stern School of Business. Cabral's research is focused on the dynamics of firm competition, both from the antitrust and from the strategy perspectives.

Luis x Cabral: bio.html

Abstract This paper looks at competitive interactions between Airbus and Boeing in very large aircraft. It concludes that Boeing attempted to preempt Airbus in introducing a new product in this space but failed to do so because of the incredibility, given the assumption of value maximization, of self-cannibalization.
