CCNA Security includes a comprehensive set of hands-on, online laboratories. To complement these, many students and instructors have requested a printed resource that can be used to study in places where Internet access may not be available. Cisco Exam 30 Lab Manual, 2/e, is that resource. Drawn directly from the online curriculum, it covers every lab presented in this course, addressing all major areas of network security. This lab manual gives students new flexibility to study these hands ...
