Code Smart: Introduction. Why hello there! Pleased to meet you. My name is Dayle, and I'm a developer. I've just started my fourth decade on this planet, and I hail from the pleasant land of Wales. Many years ago, I was one of the first to use a brand new framework for the PHP programming language called 'Laravel.'

### Code Smart: Introduction - Dayle Rees

Code Smart: Composer. In this chapter, we're going to take a pause from Laravel to examine another tool in the PHP world. Don't worry. Laravel does make use of this tool, so if you stick it out, it will make you a better Laravel developer. Composer is something special in the world of PHP.

### Code Smart: Composer - Dayle Rees

Code Smart: Responses. When someone asks you a question, unless you are in a mood or the question doesn't make sense, you will most likely give them a response. I guess other exceptions are those question-like greetings like when someone says, 'Alright?'. Even then, you should at least give them the nod in return. Some form of response.
