Jazz Improvisation For Keyboard Players

5.0 out of 5 stars Concise and well thought out. Reviewed in the United States on September 2, 2009. Verified Purchase. "Jazz Improvisation for Keyboard Players" is just what I needed! As a professional cellist, and as a pianist of relatively modest skills, I have been looking for something that already assumes I know the basics of music theory. I don't need all of the chords spelled out in every key, nor do I have the time to read a 500-page tome.

A jazz fusion improvisation - Drummer on keyboard

I think there are a lot of way to approach improvisation. I think a good approach is to develop a good ear trying to listen and imitate what other players do. Is really good study theory, but a good ear is essential. So study theory from a lot of books but listen, listen and listen. And then try to sing some solos you really like.
