Pediatric Physical Therapy

What is a Pediatric Physical Therapist? If your child needs physical therapy, they'll work with a pediatric physical therapist (PT). Typically, pediatric PTs treat kids under 18, from newborns to teenagers. They see children for a variety of different reasons, including bone/muscle issues, sports-related injuries, or genetic, brain, spine, or nerve disorders. PTs have years of training, and some even earn a Doctor of Physical Therapy degree.
