Reimagining Global Health An Introduction

"With its unwavering commitment to social justice and refreshingly lucid sense of possibility, Reimagining Global Health is an essential antidote to the deadly and inexcusable health disparities of our times. Combining deep social analysis and visceral human and institutional engagements, the authors of this momentous book re-socialize and ...

Reimagining Global Health: An Introduction (Volume 26 ...

Together, through the leadership of the Rwandan public sector and the steadfast accompaniment of global visionaries including many co-authors of chapters in this book, we are redefining what is possible in health care delivery. Reimagining Global Health asks how the hard-won lessons learned along the way might be shared most widely and usefully.

Reimagining Global Health An Introduction

The final quarter of the twentieth century was, to borrow historian Eric Hobsbawm's phrase, an "age of extremes" for global health.¹ The notion that all people deserve access to health care gained substantial support at a 1978 international conference in Alma-Ata, Kazakhstan—but it was soon eclipsed by neoliberalism, a different type ...
