Vintage Triumph motorcycle engine parts & machine work ...

The Triumph Tiger 110 is a British sports motorcycle that Triumph first made at their Coventry factory between 1953 and 1961. The T110 was developed from the Triumph Thunderbird and first appeared in 1954.. Although it was supposed to be the sports model of the Triumph range, the Tiger 110 was later fitted with the rear paneling that was introduced with Triumph's 350cc 3TA twin in 1959.

Triumph Tiger T110 - Wikipedia

Triumph's 1938 Speed Twin 500 heralded what was to become the most popular design, and the most plentiful motorcycle of that design, to ever come out of England. The alternately firing, vertical twin-cylinder engine produced 28.5 bhp, and, with a machine weight of 365 lb., provided the sporting enthusiast with an ideal mount.

Triumph T120 Bonneville - Motorcycle Specifications

Here we have a 1972 Triumph TR6R in for a full engine rebuild! Everything will have to be completely disassembled and thoroughly cleaned and checked. The Main Roller bearing is suspect to be the problem. As most engine rebuilds go, you always find (and see) little corners that the previous owner(s)
