Yamaha's unique Twisted Flare Port technology, utilising a flared, gently twisting shape that diffuses the vortex of air generated around the edge of the port and creates a smooth flow of air. This reduces extraneous noise not present in the original input signal and provides clear, accurate low frequency reproduction.

I was looking at the Yamaha YHT-270 at Best buy the other day and I was wondering if anyone has any input on this. I was debating on whether to get the LG LH-T9654S or the YHT-270. I was able to find reviews for the LG and they are quite positive but I was not able to find anything on the Yamaha.
